### **Pain Medicine Residency, University of Toronto**

Pain Medicine is a new 2-year sub-specialty residency initiated by the Royal College of Physicians and Surgeons of Canada. The University of Toronto plans to offer a comprehensive multidisciplinary residency training program in Pain Medicine commencing in July 2015. This exciting new residency program will offer unparalleled learning opportunities leading to RCPSC certification in Pain Medicine.

Applications are now being accepted from residents in their final year of residency from the following programs: Anesthesiology, Emergency Medicine, Internal Medicine, Neurology, Pediatrics, Physiatry, Psychiatry, and Rheumatology.

There remains a very large unmet societal need for experts and leaders in all aspects of Pain Medicine. Any resident with an interest in Pain Medicine is encouraged to apply.

Please contact their office if you are interested in applying or if you have any questions. **Program Contact:** Ms. Jennifer Morris, Program Administrator, [jennifer.morris@utoronto.ca](mailto:jennifer.morris@utoronto.ca) 416 946-0608

The program description outlining the application and selection process can be found on the residents' bulletin board in the mail room. Alternatively, please email [susan.vanbruggen@vch.ca](mailto:susan.vanbruggen@vch.ca) and I will forward it to you. **Application deadline: Friday, November 28th 2014.**

### **Masters Degree Anesthesiology (MSc): Bench Research at the University of Alberta Interested in gaining basic research experience while maintaining your clinical expertise?**

The Department of Anesthesiology and Pain Medicine at the University of Alberta is actively seeking interested individuals for a research fellowship resulting in a Master of Science (MSc) degree. The fellowship will combine independent clinical practice with a research project under the supervision of an experienced faculty member. Current areas of investigation in basic science laboratories in the department include:

1. Mechanisms of vascular function and hemodynamic regulation
2. Myocardial and organ protection strategies
3. Cellular mechanisms of neuropathic pain

Candidates must have completed or be in their final year of postgraduate training in anesthesiology certified by the Royal College of Physicians and Surgeons of Canada and be licensable for independent practice in the province of Alberta. International medical graduates who have completed an anesthesiology training program and are fully recognized specialists in a comparable jurisdiction are also welcome to apply; however, ability to obtain independent licensure in Alberta to practise anesthesia will be in accordance with the requirements of the College of Physicians and Surgeons of Alberta. Those interested in applying must submit a CV and a cover letter indicating their area of interest for MSc studies. The MSc program is a formal two-year degree program of the Faculty of Graduate Studies and Research at the University of Alberta. For additional information, please contact Dr. Ferrante Gragasin ([gragasin@ualberta.ca](mailto:gragasin@ualberta.ca)).

## **UBC Clinical Investigator Program**

On behalf of Dr. Sian Spacey, Director UBC Clinician Investigator Program, we are pleased to announce our Call for Applications for the UBC Clinician Investigator Program for the 2015/2017 academic year.

The UBC Clinician Investigator program is designed to provide a combined research and clinical training stream for residents in Clinical Specialty Programs at UBC. The aim is to encourage young physicians to pursue careers as clinician-scientists and to renew the clinical academic faculty at UBC and other Canadian Medical Schools.

This aim will be accomplished by providing clinical trainees two years of protected research fellowship. The UBC CIP follows the guidelines of the Royal College of Physicians and Surgeons of Canada (RCPSC) and is approved by the [RCPSC](#). **Application Deadline: December 1, 2014**. For eligibility and complete application guidelines, please check our website at <http://www.cipubc.ca/app.html>. For further information contact: Tessa Feuchuk, Program Manager, UBC Clinician Investigator Program, Faculty of Medicine, Dean's Office, Postgraduate Education, Gordon & Leslie Diamond Health Care Centre, 11<sup>th</sup> Floor, 2775 Laurel Street, Vancouver, BC V5Z 1M9, Phone: 604-875-4834, Fax: 604-875-4847, Email: [tessa.feuchuk@postgrad.med.ubc.ca](mailto:tessa.feuchuk@postgrad.med.ubc.ca), Website: [www.cipubc.ca](http://www.cipubc.ca)
