ANNOUNCEMENTS AND NOTICES

Fellowship Opportunity Available: Queen's University, Department of Anesthesiology and Perioperative Medicine, Simulation and Medical Education Fellowship

The Department of Anesthesiology and Perioperative Medicine at Queen's University invites applications for a one year Simulation and Medical Education Fellowship. Graduating fellows from this program will depart with the knowledge, skills and abilities to provide simulation-based education, to utilize educational theory and to pursue research in the field of healthcare simulation. They will have sufficient skills to enhance the education of healthcare trainees and practitioners. The commitment includes 2 academic days per week designated for simulation education and research, 3 clinical days per week doing general OR anesthesia and coverage of the call schedule (details available on application). Preference will be given to applicants who have completed their FRCP(C) or who are FRCP(C) eligible. Interested applicants should contact: Dr. John Murdoch, FRCA, FRCPC
Fellowship Director, Department of Anesthesiology & Perioperative Medicine, Queen's University
Kingston General Hospital, 76 Stuart Street, Kingston, ON K7L 2V7

2016 Friedman Scholars Program—Competition Now Open

Deadline: Thursday, March 31st, 2016 at 4:00pm PST

The Constance Livingstone-Friedman and Sydney Friedman Foundation Scholarships in Health Sciences are named after the first two faculty members in the UBC Faculty of Medicine. Drs. Constance and Sydney Friedman believed that a full well-rounded education requires students to learn from different perspectives and learn from different cultures. The goal of the Friedman Scholar program is to provide funding to graduate students or medical residents so that they can pursue a learning opportunity outside of Western Canada to further their career or to bring new perspectives to the education they have already received. For more information, including full guidelines and profiles of previous winners, please visit the following website: <http://grad-postdoc.med.ubc.ca/friedman-scholars-program/>
