## ANNOUNCEMENTS AND NOTICES

### ***A Message from The Royal College of Physicians and Surgeons of Canada: Royal College Examination – Application Deadlines for Assessment of Training***

#### **Royal College Certification**

Royal College certification assures your patients that you have met Canada's national standards for medical expertise in your specialist discipline. Obtaining certification is a two-step process.

#### **Step 1: Confirm Your Eligibility**

Confirm your eligibility to write a Royal College certification exam by completing the online assessment of training application. <http://www.royalcollege.ca/portal/page/portal/rc/credentials/start>

#### **Deadline: April 30, 2016**

- An email acknowledging receipt of your application will be emailed within two business days.
- A ruling letter outlining your eligibility for the 2017 certification exams will be sent in **December 2016**. Once granted, eligibility is valid for three years.

#### **Step 2: Register for the Exam**

Information on the registration process is sent via email once the assessment of training is complete. Your registration form and examination fee must be submitted by:

#### **Deadline: February 1, 2017**

Late registrations will not be accepted.

## **Fellowship Opportunity Available: Queen's University, Department of Anesthesiology and Perioperative Medicine, Simulation and Medical Education Fellowship**

The Department of Anesthesiology and Perioperative Medicine at Queen's University invites applications for a one year Simulation and Medical Education Fellowship. Graduating fellows from this program will depart with the knowledge, skills and abilities to provide simulation-based education, to utilize educational theory and to pursue research in the field of healthcare simulation. They will have sufficient skills to enhance the education of healthcare trainees and practitioners. The commitment includes 2 academic days per week designated for simulation education and research, 3 clinical days per week doing general OR anesthesia and coverage of the call schedule (details available on application). Preference will be given to applicants who have completed their FRCP(C) or who are FRCP(C) eligible. Interested applicants should contact:

Dr. John Murdoch, FRCA, FRCPC

Fellowship Director, Department of Anesthesiology & Perioperative Medicine, Queen's University

Kingston General Hospital, 76 Stuart Street, Kingston, ON K7L 2V7

## **2016 Friedman Scholars Program—Competition Now Open**

**Deadline: Thursday, March 31<sup>st</sup>, 2016 at 4:00pm PST**

The Constance Livingstone-Friedman and Sydney Friedman Foundation Scholarships in Health Sciences are named after the first two faculty members in the UBC Faculty of Medicine. Drs. Constance and Sydney Friedman believed that a full well-rounded education requires students to learn from different perspectives and learn from different cultures. The goal of the Friedman Scholar program is to provide funding to graduate students or medical residents so that they can pursue a learning opportunity outside of Western Canada to further their career or to bring new perspectives to the education they have already received. For more information, including full guidelines and profiles of previous winners, please visit the following website: <http://grad-postdoc.med.ubc.ca/friedman-scholars-program/>
