ANNOUNCEMENTS AND NOTICES

Volunteers Wanted: Resident Wellness Champions Network

The aim of this initiative is to identify resident representatives from each program and/or program site who would serve as wellness contacts for their peers.

This is a volunteer role for any residents who are interested in wellness, and involves a minimal time commitment, approximately 1 to 2 hours per month. Responsibilities include:

- Encouraging dialogue around wellness in residency;

- Sharing wellness communication from the Resident Wellness Office;
- Remaining familiar with support services and wellness resources.

In return, residents would receive:

- A certificate acknowledging volunteer contribution, signed by Associate Dean of Postgraduate Medical Education, Dr. Roger Wong;
- Address the CanMEDS 'Professional' competency;
- Develop skills in leadership and peer support;
- Photo on the Wellness Wall of Fame (and Resident Wellness website);
- Potential for skills training (e.g. safeTALK workshop).

For more information please see the flyer posted on the bulletin board by the residents' mailboxes. If interested, please sign up at: <https://survey.ubc.ca/s/wellness-champions-network/>

Anesthesiologist Position Available, Niagara Health System

Seeking highly motivated physicians with a passion for providing the highest quality care in an innovative culture dedicated to our goal to be an academic community based health care system.

The Niagara Health System (NHS) is one of the largest multi-site health care systems in Ontario serving 434,000 residents within the Regional Municipality of Niagara. With 700 beds, 4,500 employees, 640 physicians and a \$500M budget, the NHS provides a wide range of inpatient and outpatient services across six sites encompassing operations in Fort Erie, Niagara Falls, Niagara-on-the-Lake, Port Colborne, Welland and a new one million square foot state-of-the-art hospital in St. Catharines.

The transformation of healthcare service delivery across Niagara continues with planning underway to build an additional ultramodern hospital in South Niagara Falls to provide accessible and quality healthcare to residents of the Southern Region. The NHS is positioned, by virtue of its geography and regionally distributed resources, to exemplify the best of regional capacity with local service delivery. Strong academic partnerships are a priority for the NHS as the organization builds on a robust relationship with McMaster University's Michael G. DeGroote School of Medicine. As such, we are looking for individuals dedicated to teaching and academics at our Niagara based campus for distributed learning.

For more information there is a position profile posted on the residents' bulletin board in our office mail room or please contact: Ms. Avia Whitehorse, Administrative Assistant Medical Affairs, Niagara Health System, avia.whitehorse@niagarahealth.on.ca / 905-378-4647 ext. 44224 (on behalf of: Dr. Tom Stewart, Chief of Staff, EVP Medical and Dr. Donald DuVall, Chief of Anesthesia)

A Message from The Royal College of Physicians and Surgeons of Canada: Royal College Examination – Application Deadlines for Assessment of Training

Royal College Certification

Royal College certification assures your patients that you have met Canada's national standards for medical expertise in your specialist discipline. Obtaining certification is a two-step process.

Step 1: Confirm Your Eligibility

Confirm your eligibility to write a Royal College certification exam by completing the online assessment of training application. <http://www.royalcollege.ca/portal/page/portal/rc/credentials/start>

Deadline: April 30, 2016

- An email acknowledging receipt of your application will be emailed within two business days.
- A ruling letter outlining your eligibility for the 2017 certification exams will be sent in **December 2016**. Once granted, eligibility is valid for three years.

Step 2: Register for the Exam

Information on the registration process is sent via email once the assessment of training is complete. Your registration form and examination fee must be submitted by:

Deadline: February 1, 2017

Late registrations will not be accepted.

Fellowship Opportunity Available: Queen's University, Department of Anesthesiology and Perioperative Medicine, Simulation and Medical Education Fellowship

The Department of Anesthesiology and Perioperative Medicine at Queen's University invites applications for a one year Simulation and Medical Education Fellowship. Graduating fellows from this program will depart with the knowledge, skills and abilities to provide simulation-based education, to utilize educational theory and to pursue research in the field of healthcare simulation. They will have sufficient skills to enhance the education of healthcare trainees and practitioners. The commitment includes 2 academic days per week designated for simulation education and research, 3 clinical days per week doing general OR anesthesia and coverage of the call schedule (details available on application). Preference will be given to applicants who have completed their FRCP(C) or who are FRCP(C) eligible. Interested applicants should contact:

Dr. John Murdoch, FRCA, FRCPC

Fellowship Director, Department of Anesthesiology & Perioperative Medicine, Queen's University

Kingston General Hospital, 76 Stuart Street, Kingston, ON K7L 2V7

2016 Friedman Scholars Program—Competition Now Open

Deadline: Thursday, March 31st, 2016 at 4:00pm PST

The Constance Livingstone-Friedman and Sydney Friedman Foundation Scholarships in Health Sciences are named after the first two faculty members in the UBC Faculty of Medicine. Drs. Constance and Sydney Friedman believed that a full well-rounded education requires students to learn from different perspectives and learn from different cultures. The goal of the Friedman Scholar program is to provide funding to graduate students or medical residents so that they can pursue a learning opportunity outside of Western Canada to further their career or to bring new perspectives to the education they have already received. For more information, including full guidelines and profiles of previous winners, please visit the following website: <http://grad-postdoc.med.ubc.ca/friedman-scholars-program/>
