 Dr. Ross Taylor (R2) (supervisor: Dr. Trevor Kavanagh)

Pediatric Anesthesia Update Course – Saturday January 21, 2017

This one-day update in pediatric anesthesia focuses on small group simulation and problem-based learning scenarios. It gives clinicians in practice and in training the opportunity to learn and maintain knowledge and skills of pediatric anesthesia. Use the experience of the faculty from BC Children's hospital in a small group setting to discuss current issues and advances in care. Spots are limited to 24, but this course will be repeated twice a year.

ANNOUNCEMENTS AND NOTICES

Locum and Permanent Opportunities in Prince George, British Columbia

The University Hospital of Northern BC in Prince George is seeking Anesthesiologists for short and long term opportunities. The Department of Anesthesia at UHNBC provides anesthetic services to a wide range of surgical specialties like general surgery including Whipple's procedure and Esophagectomy, Urology, Orthopaedic, Plastic, ENT, Obstetrics & Gynaecology, Ophthalmology, 24 hours Epidural Service and Vascular surgery. The current on call commitment is approximately 1 in 8.

UHNBC is the Regional Hospital for Northern BC serving both the immediate population of Prince George (approximately 80,000) and is a referral center for outlying communities (total population approximately 400,000). It is the main teaching center for Medical Students in the Northern Medical Program of UBC and provides teaching for UBC Residents in several specialties. A Cancer Centre opened on the hospital site in the fall of 2012 which includes Radiation and Medical Oncology. The ongoing development of UHNBC as a Regional Center and teaching center makes this an exciting time to join the Medical community in Prince George. This will provide further interesting opportunities and experience for this position. The hospital has recently been accredited as a level 3 trauma unit and the ICU is an integral part of this. The Northern Simulation Centre is housed within the Hospital and is an opportunity for those wishing to get involved in Sim-Lab.

Enjoy the outstanding amenities and low cost of living in our beautiful city!
