## **UPCOMING EVENTS**

### **Pediatric Anesthesia Update Course – Saturday January 21, 2017**

This one-day update in pediatric anesthesia focuses on small group simulation and problem-based learning scenarios. It gives clinicians in practice and in training the opportunity to learn and maintain knowledge and skills of pediatric anesthesia. Use the experience of the faculty from BC Children's hospital in a small group setting to discuss current issues and advances in care. Spots are limited to 24, but this course will be repeated twice a year.
